

# OPEN SPACE

EVERYONE IS WELCOME IN THIS PLACE

## WHAT ARE WE ABOUT?

At Queen St Methodist Church, we pride ourselves on our progressive and liberal outlook and actively try to engage meaningfully with the world around us. This unique church focus is what gave rise to Open Space: an interactive forum for exploring socio-religious, cultural and political issues through dialogue, discussions, lectures, music, games, group activities and more.

As an inclusive gathering, our aim is to promote equality and diversity through conversation and action. We welcome people from all backgrounds and faith or non-faith traditions, regardless of ethnicity, gender or sexual orientation. For us, what matters is celebrating the diversity of human experience. You are always welcome at Open Space.
